

Missouri River System Boating Access Status

Data as of: December 29, 2016 9:00 am

Following is a list of boating access sites for the Missouri River System in North Dakota. All sites have a boat ramp, courtesy dock and restrooms unless otherwise noted. [Hyperlinked Public Waters](#) open a PDF map that includes an aerial photo background showing the surrounding area and facilities available. The data contained in this report is updated weekly and contains all changes the Department has been provided.

With winter here, most sites have frozen over and boat ramps will not be usable again until the ice melts next spring. Please be sure to contact the appropriate managing authority (found in parenthesis at the end of each listing) for the most up to date status.
